Subject: Thorsen Construction Co, Inc. Leases at Warrenton Towne Center

Warrenton, Virginia, February 21, 2020– **Thorsen Construction Co. Inc.** leased 1,400 square feet of warehouse space at Warrenton Towne Centre.

www.thorsenconstruction.us and the makers of Littleburros® www.littleburros.com will be sharing this space. The Little Burros® is a family run, mission driven, quality tool line that provides innovative solutions to everyday garden problems. They pride themselves on producing American made, lasting products that keep consumers organized while working on whatever project is at hand. All their tools share three things in common: they are innovative, quality made, American made products.

Their mission has always been to make innovative, quality, American products. In 2016, they added to that mission. After losing Becca Thorsen, their sister/daughter/ CFO, the Thorsen family gained a better understanding of what really is important in this world. Faith, family, and community. Becca was a glowing light who was as brilliant as she was big hearted. Her life and her legacy are our daily reminders to be the light in this world, and they want you to know that through your patronage you play a part in that too. The Thorsen Family donates a portion from every Burro sold to A21 to battle human trafficking.

The landlord would like to thank Nora Eways of

for bringing about this lease.
